

IN THE DRAWINGS:

Please replace the drawing sheets of record with the replacement drawing sheets attached.

The replacement sheets comply with the Examiner's requirements in pages 2-3 of the Official Action. An annotated version of the previous drawing sheets is annexed to show the changes.

REMARKS

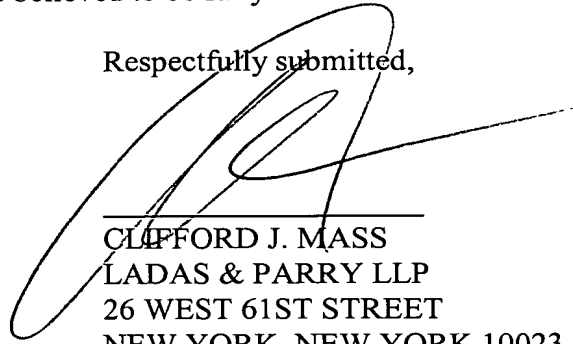

The Official Action of 28 January 2005 has been carefully considered and reconsideration of the application as amended is respectfully requested.

The indication that claims 1-8 have been allowed and that claim 9 would be allowable if rewritten to overcome the rejections under 35 USC 112, second paragraph has been noted with appreciation. (Note: the claim already includes all of the limitations of base claim 1 because it is dependent therefrom.) Claim 9 has now been rewritten to remove the basis for the rejection under 35 USC 112, second paragraph, whereby it is respectfully believed to be in condition for allowance in accordance with the Examiner's comments.

Replacement drawings have been filed which correct the mislabeling and lack of labeling issues raised at pages 2 and 3 of the Official Action. In particular, the replacement drawings correctly label the moveable roller and provide reference numerals as required.

It is respectfully submitted that all rejections and objections of record have now been overcome and that the application is in allowable form. An early notice of allowance is earnestly solicited and is believed to be fully warranted.

Respectfully submitted,

CLIFFORD J. MASS
